

ADACO INFO AT HAND™: ONLINE BUSINESS QUOTE SOLUTION

Fully-integrated, business-portal and CRM software for remotely accessing corporate applications and data...

Designed for small and medium-size businesses or divisions, Adaco's Info at Hand is a comprehensive solution for the most demanding new business quotation and information management requirements. Info at Hand will substantially increase your employees' response time to customers by assuring that vital corporate information is instantly and accurately available to support their quotations, customer service, sales and marketing, and administrative activities. Info at Hand provides a fully integrated, but user-friendly capability for online quotations and information management via a "Business Portal" designed to help all of your employees access vital product and corporate information efficiently and securely.
